The Proposals of the petnr. Swami Dayasagar Bheemacharya are confined only to the main temple of Sri Ranganatha Swami and do not deal with the establishments of Sultangudis and Volagudis. His proposals in respect of the latter are not known and it does not seem therefore possible so far as to know his proposals compare with the existing arrangements and the proposals submitted by the Mirasi Superintendent. The applicant was by special invitation present at the meeting of the Dharmadarsis presided over by the Mirasi Superintendent when these proposals were discussed and the suggestions given by him were acted upon as far as practicable.

The proposals submitted by him have been put in a statement form and they result in a net saving of Rs. 9-0-0 under establishment alone. The number of servants has been reduced by nearly 30 and there is no suggestion for reducing so that now these men have to be disposed of ~~by reduction on the pay~~ or only a reduction in

Subject:- Fixing a revised scale of expe
diture in the temple of Sri Ra
Ganatiaswami at Seringapatam.

The memorandum submitted herewith explains the scope of the revision proposed. These proposals were drawn up by me in consultation with the local office and others interested in the Institution They were also discussed at a meeting of the Dharmadarsis held at Seringapatam on the 8th February 1921. The Deputy Commissioner of the Mysore District who was also consulted in the matter states that the proposals are suitable and may be sanctioned. The two slight modifications suggested by him as regards the allotment for Ekadasi Kattle and the puduvat seva of Mr. Rama Iyer have been adopted.

I therefore solicit the sanction of Government to these proposals.

Muzrai Superintendent.

Revision of the Scale of the Sri Ranganathaswami Temple and its Suttalgud at Seringapatam, Seringapatam Taluk, Mys District.

* * * *

The Temple of Sri Ranganathaswamy at Seringapatam is one of the oldest Vishnu Temples of the State, and a place of pilgrimage for the Sri Vaishnavas. A number of Minor Temples with independe cash grants for Paditara and Diparadhane are situated within the premises of the Temple. These have been clubbed toget with the main Temple and treated as subsidiary institutions for convenience of administration.

The Temple of Sri Ranganathaswamy gets an annual cash-grant of Rs. 7,852-8- interest of Rs. 148-0-0 on the invested surplus of Rs. 4,228-14-8 and a small income of about Rs. 180/- from other source The Minor Temples have a total cash-gra of Rs. 527-13-0. There are, besides, Puduvat cash and land endowments to the Temple for stipulated sevas which yield an annual income of Rs. 895/-. An annua contribution of Rs. 534/- is also receive from the Government Annachatram for the Ramanujakuta feeding of Sri Vaishnava Pilgrims in the Temple. The Temple and its Suttalgudis have thus a total incom

income of Rs 9,937/-.

ESTABLISHMENT:-- The total Establishment charges as per proposed scale are Rs. 415/- per mensem which is Rs -- 22-11-10 more than the existing scale of Rs 392-4-2, the increase being mainly due to the slight increments proposed to be given to the office establishment and also the Non-Brahmin members of the Staff.

Though the existing scale includes 100 separate offices, the number of -- servants actually working is only 60. This is accounted for by the fact that some of them hold more than one appointmer notwithstanding that in a few of these cases, the combination is undesirable, such as two Adige offices and the offices of Adige and Sthanik held by the same man. By a redistribution and judicious combination of some of these services, the number of servants has been reduced from 100 to 71, with a corresponding increase in the average emoluments.

ARCHAKS:-- The existing scale provides for 4 Archaks and all these offi are retained for the present though there is work only for three of them. One of them may eventually be transferred to Melkote where an additional Archak is badly wanted. The Archana of Suttalgudi is added on to these and a slight increment of pay proposed to them.

PARICHARAKS:-- Out of the 5 -- Paricharaks, the duties of the two finer

minor Paricharaks for Alwar Sannidhi and a few Suttal Gudis are added on to those of the other Parichakaks and Sthaniks. The Yagasale Paricharak is retained for Aramane services in both the Sannidhis and for relieving the Swami Sannidhi -- Paricharak whenever necessary, and to keep the temple open at all hours of the day for the convenience of Pilgrim -- visitors.

STHANIKS:-- Though practically two Sthaniks only are available for -- service, the 4 in the existing scale are retained in consideration of the facts that the temple is big and the Utsava-Vigrahas are very heavy. These servants will have to attend to the duties of the Paricharaks of some of the Bidagudis as they have been doing hitherto. Competent hands from outside will be selected for the vacant places.

ADHYAPAKAS:-- Though there are 19 hands for this service, scarcely 3 or 4 are available for work. The small allowances which most of these were gettin are at present being enjoyed by Adige and Paricharake servants which is highly -- objectionable. It is necessary to have 3 for Vedas, 3 for Prabandha and 4 for Stotras. To attract competent men, it is proposed to give one of them who will also be a Vedic teacher R. 6/- and the others an average emolument of R. 3-12-0.

SRIPADAS:-- At least 12 men are

are required for this service and they should generally be Brahmins. It is proposed to have only 5 full-time servants and to tack on such duties to seven other temple servants, without prejudice to thei other duties.

MISCELLANEOUS:-- All the duties except Vine, Purohita, Yagnopavita, -- Gumbarati, and Flowers and Tulasi are proposed to be added to other services.

MANIYAGAR:-- The existing scale has not provided for any Manegar in the temple to work under the Parpathegar, for helping him in the supervision and controll -ing work. The vacant offices of Agrodaka Maniya and Adigemane Addika together with 2 Bellikolu Ulagas with a total emolument of Rs 15/- are proposed to be replaced by two Manegars on Rs 6/- each as this is likely to lead to increased efficiency in the work of the temple servants.

NON-BRAHMIN SERVANTS:-- The number of Non-Brahman servants in the existing scale is 28 and it is proposed to reduce it to 24, the 4 services of Mashal and Divatige having been added on to the 2 Kavals, Bandikar and Landra. The pay of these servants is proposed to be enhanced each of them will get on an average from Rs 4-11-0 to Rs 6-8-0 per mensem. The pay of the other non-Brahman servants has also been suitably increased.

NITYAKATLE:-- The contribution from the Government Annachattram for --

for Ramanujakuta feeding has been brought under this item under the head Alankara Nivedana and the provision of R. 6-8-0 for a second course of Pongal in the existing scale is proposed to be dispensed with As there is Ramanujakuta feeding daily in the temple, the separate provision of Dadhyodana for Desantris in the mornings and in the evenings is reduced slightly in the draft scale.

To provide for the Paditara and Deeparadhane of Bidagudis which are clubbed with the Main Temple, a slightly increased provision is made for Suddhanna Nivedana and oils. There is no material change under the other heads. Deducting the provision of Rs. 420/- for Ramanujakuta feeding and R. 2/- for Vedantachar and Jeer Masa Tirunakshatras, the net increase under Nityakatle comes to R. ~~114-12=0~~ 117-4-0 per annum. The provision of Rs. 1/- a month for Vedantacharya's Masa Tirunakshtras has been made as per Government Order No. 2292 94/M-7 500-12-6 dated 12th February 1919 and a similar provision of Re. 1/- for the Jeer Tirunakshtra is proposed with a view to avoid quarrels between the 2 sects of Sri Vaishnavas.

HETCHUKATLE:-- The provision in the proposed scale for the Hetchukatles of the Temple and the Biduguais amounts to R. 1,068/- which is R. 65-8-4 less then the provision in the existing scale. The decrease is due mostly to the reduction in quantity of provisions for certain ite-

items for which there are separate Puduvat endowments and partly to the transfer of the provisions under Istkapal on His Highnesses' visit and petty repairs, to -- contingent charges.

PUDUVAT SEVAS:-- There are Puduvat cash endowments to the extent of Rs ~~3,240/~~ 3228/8 and land endowments with an annual yield of about Rs 67~~5~~/- for certain stipulated sevas. Some of these Sevas are not being performed regularly, there being no -- representative of the original donors, and the income is added on to capital and in some other cases expenses are not incurred according to a definite scale. A fixed scale of expenditure for these sevas, has therefore been prepared and this results in a saving of Rs 265/- per annum.

The total expenditure according to the proposed scale is Rs 9,5~~8~~1/- as against Rs 9,585/- of the existing scale. This leaves a small balance of only Rs ~~585/-~~ 355/- for repairs and other items of expenditure which is hardly sufficient for the purpose

The balance at the credit of the Institution at the close of June 1920 consisted as per Comptroller's accounts of (1) Rs 716-14-7 uninvested and (2) -- Rs 4,2[illegible] invested. An estimate amounting to Rs 4,000/- for repairs urgently needed for the temple is pending disposal for want of funds. The withdrawal of the invested surplus for this purpose would mean the reduction of the income o[illegible]

of the temple by Rs 148/-. This temple may therefore be treated as an exceptional case and exempted from the payment of the usual percentage for the Establishment Fund.

Muzrai Superintendent.

26th April 1921.

Proceedings of the Government of H. H. the Maharaja of Mysore.

Read --

Note dated 30th November 1921, from the Muzrai Superintendent in Mysore, submitting for sanction, proposals for a revised scale of expenditure in the Sri Ranganathaswami temple at Seringapatam and its Suttalgudis, and stating that the proposals were drawn up by him in consultation with the local officers and the Dharmadarsis of the institution and that the Deputy Commissioner, Mysore District, who was also consulted in the matter, states that the proposals are suitable and may be sanctioned, and that the two slight modifications suggested by him as regards the allotment for Ekadasi Kattle and the puduvat seva of Mr. Rama Iyer have been adopted.

(Here enter memo and scale in extenso)

Order -- No. 639-41 Encaw file
Muzrai 379-21 2—

Dated Bangalore, the 9/6/22

Government do not consider it feasible to exempt this institution from the payment of contribution ~~for~~ towards the Muzrai establishment Fund. They are therefore pleased to direct that the usual contribution be levied ~~the Sthe~~ for Sevarthas

~~being suitably revised~~ arrangements for additional income being made by a revision of the rates for Sevarthas, in regard to which the proposals of the Muzrai Superintendent will be awaited.

2. Government consider that in all other respects, his proposals are suitable and are pleased to accord sanction to the same.

Order No. 639-41—Muz. 379-21-2, dated 9th August 1922.

Sri. Ranganathaswami temple at Seringapatam.

Sanctions a revised scale of expenditure in ——.

READ—

Note dated 30th November 1921, from the Muzrai Superintendent in Mysore, submitting for sanction, proposals for a revised scale of expenditure in the Sri Ranganathaswami temple at Seringapatam and its Suttalgudis, and stating that the proposals were drawn up by him in consultation with the local officers and the Dharmadarsis of the Institution and that the Deputy Commissioner, Mysore District, who was also consulted in the matter, states that the proposals are suitable and may be sanctioned, and that the two slight modifications suggested by him as regards the allotment for Ekadasi Katle and the Puduvat Seva of Mr. Rama Iyer have been adopted:—

"The temple of Sri Ranganathaswamy at Seringapatam is one of the oldest Vishnu temples of the State, and a place of pilgrimage for the Sri Vaishnavas. A number of minor temples with independent cash grants for Paditara and Deeparadhane are situated within the premises of the temple. These have been clubbed together with the main temple and treated as subsidiary institutions for convenience of administration.

The temple of Sri Ranganathaswamy gets an annual cash grant of Rs. 7,852-8 0 interest of Rs. 148-0-0 on the invested surplus of Rs. 4,228-14-8 and a small income of about Rs. 180 from other sources. The minor temples have a total cash-grants of Rs. 327-13-0. There are, besides, Puduvat cash and land endowents to the temple for stipulated sevas which yield an annual income of Rs. 894%. An annual contribution of Rs. 534 is also received from the Government Annachattram for the Ramanujakuta feeding of Sri Vaishnava pilgrims in the temple. The temple and its Suttalgudis have thus a total income of Rs 9,936.

Establishment.—The total establishment charges as per proposed scale are Rs. 415 per mensem which is Rs. 22-11-10 more than the existing scale of Rs. 392-4-2, the increase being mainly due to the slight increments proposed to be given to the office establishment and also the Non-Brahmin members of the staff.

Though the existing scale includes 100 separate offices, the number of servants actually working is only 60. This is accounted for by the fact that some of them hold more than one appointment notwithstanding that in a few of these cases, the combination is undesirable, such as, two Adige offices and the offices of Adige and Sthanik held by the same man. By a redistribution and judicious combination of some of these services the number of servants has been reduced from 100 to 71, with a corresponding increase in the average emoluments.

Archaks.—The existing scale provides for 4 archaks and all these offices are retained for the present though there is work only for three of them. One of them may eventually be transferred to Melkote where an additional Archak is badly wanted. The archana of Suttalgudis is added on to these and a slight increment of pay proposed to them.

Paricharaks.—Out of the 5 Paricharaks, the duties of the two minor Paricharaks for Alwar Sannidhi and a few Suttal Gudis are added on to those of the other Paricharaks and Sthaniks. The Yagasala Paricharak is retained for Aramane services in both the Sannidhis and for relieving the Swami Sannidhi Paricharak whenever necessary, and to keep the temple open at all hours of the day for the convenience of pilgrim visitors.

Sthaniks.—Though practically two Sthaniks only are available for service, the 4 in the existing scale are retained in consideration of the facts that the temple is big and the Utsava-Vigrahas are very heavy. These servants will have to attend to the duties of the Paricharaks of some of the Bidagudis as they have been doing hitherto. Competent hands from outside will be selected for the vacant places.

Adhyapakas.—Though there are 19 hands for this service, scarcely 3 or 4 are available for work. The small allowance which most of these were getting are at present being enjoyed by Adige and Paricharake servants which is highly objectionable. It is necessary to have 3 for Vedas, 3 for Prabandha and 4 for Stotras. To attract competent men, it is proposed to give one of them who will also be a Vedic teacher Rs. 6 and the others an average emolument of Rs. 3-12-0.

Sripadas.—At least 12 men are required for this service and they should generally be Brahmins. It is proposed to have only 5 full-time servants and to take on such duties to seven other temple servants, without prejudice to their other duties.

Miscellaneous.—All the duties except Vine, Purohita, Yagnopavita, Gambarati, and Flowers and Tulasi are proposed to be added to other services.

Manegar.—The existing scale has not provided for any Manegar in the temple to work under the Parpathegar, for helping him in the supervision and controlling work. The vacant offices of Agrodaka Maniya and Adigemane Addiga together with 2 Bellikolu Ulagis with a total emolument of Rs 15 are proposed to be replaced by two Manegars on Rs. 6 each as this is likely to lead to increased efficiency in the work of the temple servants.

Non-Brahmin Servants.—The number of non-Brahmin servants in the existing scale is 28 and it is proposed to reduce it to 24, the 4 services of Mashal and Divatige having been added on to the 2 Kavals, Bandikar and Landra. The pay of these servants is proposed to be enhanced each of them will get on an average from Rs. 4-11-0 to Rs. 6-8-0 per mensem. The pay of the other non-Brahmin servants has also been suitably increased.

Nityakatle —The contribution for the Government Annachattram for Ramanujakuta feeding has been brought under this item under the head Alankar · Nivedana and the provision of Rs. 6-8-0 for a second course of Pongal in the existing scale is proposed to be dispensed with. As there is Ramanujakuta feeding daily in the temple, the separate provision of Dadhyodana for Desantris in the mornings and in the evenings is reduced slightly in the draft scale

To provide for the Paditara and Deeparadhane of Bidagudis which are clubbed with the main temple, a slightly increased provision is made for Suddhanna Nivedana and oils. There is no material change under the other heads Deducting the provision of Rs.. 420 for Ramanujakuta feeding and Rs. 2 for Vedantachar and Jeer Masa Tirunakshtras, the net increase under Nityakatle comes to Rs. 117-4-0 per annum. The provision of Re. 1 a month for Vedantacharya's Masa Tirunakshtras has been made as per Government Order No. 2292-94—M. F. 500-12-16, dated 12th February 1919, and a similar provision of Re. 1 for the Jeer Tirunakshtra is proposed with a view to avoid quarrels between the 2 sects of Sri Vaishnavas.

Hetchukatle.—The provision in the proposed scale for the Hetchukatle of the temple and the Bidugudis amounts to Rs. 1,068 which is Rs. 65-8-4 less than the provision in the existing scale. The decrease is due mostly to the reduction in the quantity of provisions for certain items for which there are separate Puduvat endowments and partly to the transfer of the provisions under Istkapal on His Highnesses' visit and petty repairs, to contingent charges.

Puduvat sevas.—There are Puduvat cash endowments to the extent of Rs 3,208-8-0 and land endowments with an annual yield of about Rs. 674 for certain stipulated sevas. Some of these sevas are not being performed regularly, there being no representative of the original donors, and the income is added on to capital and in some other cases expenses are not incurred according to a definite scale. A fixed scale of expenditure for these sevas, has therefore been prepared and this results in a saving of Rs. 265 per annum

The total expenditure according the proposed scale is Rs. 9,581 as against Rs. 9,585 of the existing scale. This leaves a small balance of only Rs. 355 for repairs and other items of expenditure which is hardly sufficient for the purpose.

The balance at the credit of the Institution at the close of June 1920, consisted as per Comptroller's accounts of (1) Rs. 716-14-7 uninvested and (2) Rs. 47,228-14-8 invested. An estimate amounting to Rs 4,000 for repairs urgently needed for the temple is pending disposal for want of funds. The withdrawal of the invested surplus for this purpose would mean the reduction of the income of the temple by Rs. 148. This temple may therefore be treated as an exceptional case and exempted from the payment of the usual percentage for the establishment fund".

No. 639-41—Muz. 379-21-2, dated 9th August 1922

Government do not consider it feasible to exempt this institution from the payment of contribution towards the Muzrai Establishment Fund. They are therefore pleased to direct that the usual contribution be levied. Arrangements for additional income being made by a revision of the rates for Sevarthas, in regard to which the proposals of the Muzrai Superintendent will be awaited.

2. Government consider that in all other respects, his proposals are suitable and are pleased to accord sanction to the same.

Secretary to Govt., Revenue Dept.

To—The Muzrai Superintedent in Mysore, returning the file of vernacular papers.
The Deputy Commissioner, Mysore District.
The Comptroller to Government.

Exd.—C. R.

Mysore

"The so-called revision settlement of Temple establishment is now pending before the Government and is in the hands of the Muzrai Superintendent and Secretary. On my representation of temple affairs to the learned superintendent, Mr.Jeyarama Iyer, as was once did before Mr.Aravamudu Iyengar as Muzrai Superintendent and Secretary, the learned Mr.Jeyarama Iyer, had the pleasure to hear me patiently and after satisfaction directed me to place before him in writing my draft revision statement for consideration. It was done so by the command of the Lord Ranganatha, which has been kindly acknowledged with the remark that the suggestions will be -- valued in the time of revision. It is very strange to learn that the officials of the Superintendent's office who were under influence of temple servants and under their obligation, have drawn the attention of the learned superintendent, contrary to the draft - placed before him with such of his kind permission to do so.

It is now time to beg of you, by the command of the Lord Ranganatha of Seringapatam to send for the draft revision statement submitted by me for consideration and the revision statement now prepared by the officials driving the Superintendent into utter darkness and then to take patience and pleasure to compare one with the other to judge which is the best. If mine holds good in your learned estimation, why should you be not kind enough to direct the authority to bring it into operation, which is in the interest of the temple service beneficial to the devotees as well as to the temple servants."

Seringapatam has now been a destituted town, and is entirely depending on the progress of the temple. In the dra

Revision Statement submitted by me for consideration, proposals hav- made to improve the temple services to the best satisfaction of the tees carefully upkeeping the interest of the temple servants. The sion statement prepared in the office by the officials of the Sup dent is, I am sorry, to say, quite the reverse and does not stand for reasons being beneficial only to servants of the temple and not to the votees. The existence of the temple is not for the benefit of the Servants but to the de The servants of the temple are to serve the public interest.

Your learned private Secretary Mr.K.V.Anantaraman was in charge Sub Division French Rocks and has many a time observed the condition of temple for want of painstaking Darmadarsis who would work with the inter of the temple service. The present Darmadarsis do not find time to uti lize it to the temple service as they are engaged in profession of payin concern.

You would now bless a boon to the Lord Ranganatha and to his pub lic devotees, provided to take pain and pleasure and interest to send for both the Revisionstatement, one prepared by me and the other prepared by the officials of the authority and then take pleasure to judge yourself after the kind perusal of the both with your judicial experience.

I am an old man of 65 winters, with a muzaroy experience of 50 yea I am at a loss to know how my draft Revision statement prepared with much experience of the Department, quite ~~exist~~ disinterestedly after reasonable fighting with two Superintendants, Mr.Aravamudu Iyengar and Mr.Jeyarama Iyer, was kicked up by the officials of the Department. They have not even blessed me with their reasons to kick it up.

Sir M.Visvesvarya in one his Dasara Report said that unless the pri vate individuals came forward in co-operation with the Government, Muzrai institutions cannot be managed to the best satisfaction of the devotees. The services of the public will not be valued by the present officers in the Muzrai Department. If such service is offered voluntarily, they re- mark it as self interested. If it is not offered, they say the public do not come forward in due co-operation with the Government

I am now forced to take liberty to place the matter before you and trust that I have a right to fight out reasonably with you anticipating full justice at your hands. I fully understand that you are a man of

judicious head who would yield to reasons and arguments as the revision statement under contention is still in the womb without the final sanction of the Government.

I trust you will kindly acknowledge my representation now made before you and will be highly pleased, in the interest of justice, to send for the revision statements.

By the blessings of the Lord Ranganatha"

" C O P Y "

Private Secretary to the Dewan of Mysore.
